**THIS PROGRAM OFFERS EXCELLENT CAREER OPPORTUNITIES FOR BOTH
MALE AND FEMALE STUDENTS.**

BRIEF DESCRIPTION OF THIS PROGRAM

This course is designed to teach about the field of education from preschool through high school. We learn how children grow and develop from birth through adolescence, how students learn best, discipline, lesson planning and the like. Students are exposed to a variety of methodologies and techniques.

SPECIAL FEATURES OF THIS PROGRAM

We take at least five field trips. One is to a preschool, one to an elementary school, a middle school, a high school, and a special education facility. For field placements students are placed in classrooms at a variety of grade levels with the second year in one of their choosing.

As a student in this course, you will have the opportunity to be part of FEA (Future Educators Association). In FEA students will participate in community activities and be able to compete against other schools across the country.

DCTC

**Proud To Bring Career-Technical Education To Our Students At:
